Top Tips for the CISO
Beyond COVID-19

The business landscape and way of working has changed irrevocably.
To stay relevant, organisations need to reinvent themselves and adapt to a hybrid environment that places greater dependence on remote workers and external parties. This has security implications for today and tomorrow.

These tips provide key considerations for the CISO during and beyond the current crisis.

For business-orientated guidance on security policies and standards, Members can refer to the ISF Standard of Good Practice for Information Security 2020.
The Executive Summary is available for download here.

About the ISF
Founded in 1989, the Information Security Forum (ISF) is an independent, not-for-profit association of leading organisations from around the world. It is dedicated to investigating, clarifying and resolving key issues in cyber, information security and risk management by developing best practice methodologies, processes and solutions that meet the business needs of its members.
