# ISF sponsorship and exhibition opportunities

The ISF global events programme offers a wide range of sponsorship packages allowing you to showcase your technology and service solutions to global business leaders and security professionals.

Access to the ISF World Congress and regional Chapter events is limited to our Members and sponsors. The number of sponsorship packages available is capped for each event, providing an exclusive, world-class platform for organisations to interact with global decision makers.

At ISF events we welcome business leaders, senior security professionals and specialist cyber security and risk management practitioners.

If your business operates in an area of interest to ISF Member organisations, then we can provide you with an unparalleled opportunity to build business relationships with some of the world's most powerful and influential cyber security decision-makers.

Being an ISF sponsor or exhibitor positions your company at the heart of this global cyber security community.

*"Top level contacts and a very well organised and successful event."*

# About the ISF

**The Information Security Forum (ISF) is an international not-for-profit association of the world's leading organisations who recognise the importance of protecting their business information.**

The ISF has been helping organisations develop cyber resilience for over 30 years and our Members range from Fortune 500 and Forbes 2000 listed corporations to public sector bodies and government departments. Dedicated to meeting the increasing demand for practical business-driven solutions to cyber security and risk management problems, the ISF undertakes a leading-edge research programme, providing Members with the opportunity to develop best practices and share a wealth of expertise. The key event enabling Members to do this is the ISF World Congress.

In addition, the ISF provides Members and non-Members with a full range of consultancy services to assist in the implementation of ISF tools, research and methodologies addressing issues relating to governance, risk and compliance.

*"If you choose to go to one information security event each year make sure it is ISF World Congress. The quality of the conference content and the invaluable interactions between delegates and sponsors means you could not use your limited time better."*

# Sponsoring ISF Annual Congress

The ISF World congress is a key international conference for world leaders in information, cyber security and risk management.

Delegate attendance is restricted to Member organisations and comprises primarily of senior executives. The Congress has a series of keynote presentations, workshops and networking sessions. Through the sponsorship channel member and non-member sponsors have the opportunity to share knowledge, best practice and thought leadership in a confidential peer-group environment. To encompass our worldwide Membership the event rotates locations, with two years in Europe followed by a year in North America. Recent locations have included Berlin (2016), Cannes (2017), Las Vegas (2018) and Dublin (2019). We are pleased to offer the ISF World Congress 2023 as an in-person event directly from Rotterdam, the Netherlands. Our online event, Digital 2023, will broadcast a selection of Congress presentations from our award-winning virtual conference space.

# 2023 ISF regional conferences and Chapter events

With meetings in five continents, the ISF sponsorship programme offers access to security professionals from around the world.

## Global companies – local presence

If your company is looking to consolidate or develop its presence in a specific region, ISF conferences and local Chapter meetings offer an excellent opportunity to network and present to key decision makers who represent global companies at a regional level. We are able to offer sponsorship of regional conferences and Chapter meetings, providing your company with the opportunity to experience the ISF first-hand.

## Regional conferences

The ISF holds two-day regional conferences in the UK, US, the Nordics, Central Europe, India and Africa. These events are designed to give our Members on a regional level more time to interact, network and to share best practice with world-leading organisations. Through the sponsorship platform, you have the opportunity to position your organisation at the heart of this regional community providing unrivalled access to some of the most powerful cyber security experts in the world.

## Chapter meetings

The ISF has 14 Chapters spanning our global network, meeting three times per year, which are available for sponsorship. Choose the Chapter/region and time of year that works for your organisation and through the sponsorship platform you can present, network and build working relationships with these senior information security professionals. ISF Chapter meetings provide opportunities for sponsors to offer industry insights and thought leadership in your given field of expertise. Feedback from Chapter participants highlights that the most valued sponsor presentations are topic and information-led rather than 'hard-sales' pitches.

## Typical event packages include:

- ✓ Speaking opportunity
- ✓ Company logo visibility on all collateral relating to a specific Chapter meeting
- ✓ Opportunity to network, exhibit and distribute literature
- ✓ Lead retrieval subject to attendees' agreement

**Please request the 2023 Chapter programme of events and specific package details for the region you would like to sponsor.**

\* Opportunities to sponsor regional events are subject to the approval of the individual region/Chapter group. Prices and packages will vary between territories and the prices above are a guide.
